Job Location
East Atlanta, Georgia

Base Salary
$ 1000 - $ 1500

Valid through
31.12.2026

Working Hours
Monday – Friday 8am to 5pm

Description
Our client is an established privately-held endodontic practice (No DSO) in **East / North East Atlanta** metro. The client is seeking a skilled and compassionate **Endodontist** to join their growing specialty practice. This is an excellent opportunity for a motivated provider who is committed to delivering high-quality endodontic care in a professional, patient-centered environment.

The ideal candidate will have strong clinical skills, excellent chairside communication, and a commitment to providing comfortable, efficient, and precise care for patients referred for root canal therapy and related endodontic procedures.

The candidate should be prepared to help fill their schedule by visiting area dentists and developing a following.

Responsibilities

The Endodontist will be responsible for evaluating, diagnosing, and treating patients requiring specialized endodontic care. Duties may include:

- Performing root canal therapy, retreatments, and related endodontic procedures
- Diagnosing pulpal and periapical conditions
- Reviewing radiographs, CBCT scans, and patient histories
- Providing clear treatment recommendations and patient education
- Collaborating with referring dentists and internal clinical staff
- Maintaining accurate clinical documentation
- Upholding infection-control, safety, and quality-of-care standards
- Delivering an excellent patient experience from consultation through follow-up

Qualifications

Qualified candidates should have:

- DDS or DMD degree from an accredited dental school
- Completion of an accredited Endodontic residency program
- Active Georgia dental license or eligibility to obtain one
- Board certification or board eligibility preferred
- Strong diagnostic and clinical judgment
- Excellent communication and patient-management skills
- Commitment to ethical, compassionate, and high-quality care

What We Offer

The client offers a professional and supportive clinical environment with opportunities for growth and ownership. Depending on employment structure, compensation and benefits may include:

- Competitive compensation with Opportunity for Ownership
- Possible daily rate for the first two months
- Compensation as a percentage of collections
- Flexible full-time or part-time scheduling
- Modern clinical setting with new Zeiss Extaro 300 microscopes, new ASI carts, in operatory nitrous oxide and a specialty-focused workflow
- Supportive administrative and clinical team
- Established referral relationships
- Opportunity to focus on specialty endodontic care
- Professional growth and long-term career potential

Interested candidates should submit a CV or resume for consideration.
